New features in IATE 2

- clear, user-friendly interface, responsive design (for different screens like tablets, smartphones etc.)
- accessibility and ergonomics (keyboard support)
- enhanced search options with predictive typing and more filters
- enhanced advanced search/export function with many filters
- every hit list can be exported in Excel or other format
- easier creation and modification of entries: e.g. in-line editing, automatic Eur-Lex linking for references
- early duplicate detection
- easy retrieval of termbases and downloads (in different formats)
- enhanced IATE-internal communication possibilities
- project management module with task allocation possibility (for coordinators)
- watch function (watch entries that might change in time - i.e. after adoption of final texts)
- up-to-date technologies, increased performance
- contextual help, online handbook
