* EuroVoc is a multilingual, multidisciplinary thesaurus covering the activities of the EU.

User-friendliness

The previous two applications (the internal and the public versions) have been merged to facilitate terminology management and consultation. A fully revamped platform awaits users, who will have different access rights according to their profile.

Responsiveness

Consult IATE on any device – smartphone, tablet or desktop.

Accessibility

The multilingual database offers everyone equal access to information and functionalities.

Data exchange

Using the latest technology, the new version of IATE retrieves data from other EU tools (EU legislation repository, EuroVoc domain classification, etc.).
